

## Resource Pack – Labour Exploitation & Modern Slavery Awareness

Modern slavery is a global problem and an international crime, affecting millions of people worldwide, including many victims within the UK. Men, women and children of all ages and backgrounds can fall victim to labour exploitation, forced to work for little or no pay. Labour exploitation can be an element of the criminal offences of forced labour or human trafficking, which constitute modern slavery.

All sorts of people and professions may encounter labour exploitation. Make sure you, your staff, your colleagues know how to recognise and report it.
